

# Bruno Marić

FULL STACK DEVELOPER

## Profile

My expertise ranges from different programming languages to responsive frameworks to a vast array of knowledge in other areas

My focus is on clean, elegant, and efficient codes and I am able to work on new and existing micro-sites, landing pages, templates, and provide guidance and troubleshooting support to clients.

I have solid experience in React.js, Node.js, Express.js, MongoDB and Next.js.

I am passionate about front-end development as technology innovation, and I have the drive and energy needed to consistently exceed expectations.

I look forward to being a part of a growing company as a Full-Stack developer where I can utilize exceptional programming and interpersonal skills acquired to contribute to your company's success.

Technologies:

Bitbucket, GitHub, HTML, CSS, SASS, JavaScript, Typescript, Python, React, Angular, Vue, React Native, Node.js, Express.js, Nest.js, Ruby, Django, Agile, AWS, Docker, Jest, Mocha

It is my goal to understand the clients' needs clearly and to deliver a high-quality project on time at an optimal cost.
